

AKTIVE UPGRADE

Broilers • Broiler Breeder Pullets • Commercial Layers • Commercial Layer Pullets • Ducks • Commercial Layer Breeder

Upgrade your Single Lock drinkers to Ziggity and enjoy better results!

PROVEN BENEFITS:

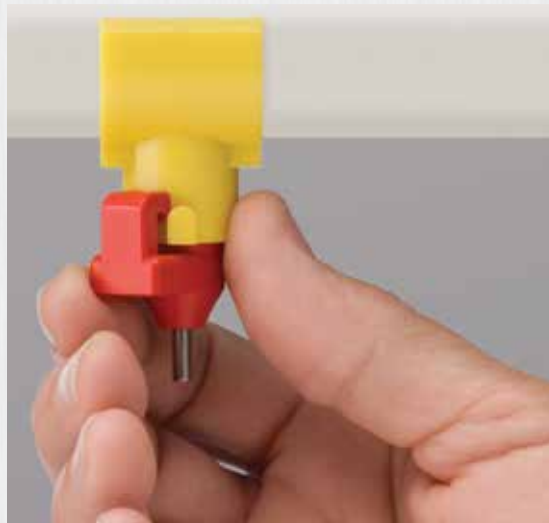

Utilizes existing water pipes to save money / Upgrades older systems to latest technology for healthier birds / Improves bird performance / Keeps litter, slats and pits dry

If you have an old Single Lock watering system, chances are you can significantly improve your bird, litter and system performance by upgrading to state-of-the-art Ziggity Aktive drinkers. You don't need to replace your existing watering system.

IMPROVING PERFORMANCE IS AS SIMPLE AS CHANGING A LIGHT BULB.

1 Remove your old Val™ or Cumberland™ nipple

2 Install Ziggity Aktive drinker

Ziggity drinkers give birds all the water they need while keeping pits, slats or litter dry. This is the key to improved performance, plus it helps you lower your ventilation and heating costs.

Engineered for top performance.

Designed with superior features, Aktive drinkers are available in various models. Choose the one that's best suited for your bird application

10 YEAR
Prorated Drinker Warranty
Illustrates our commitment to the quality of Ziggity drinkers.

Aktive Drinker

Aktive Drinker

- Single Lock (J-Lock) attachment fits many existing watering systems.
- Concave trigger pin provides easy bird activation.
- Drinker design ensures that the birds receive the right amount of water, without spillage, throughout the production cycle.
- Corrosion-resistant stainless steel components for long life.

The Ultimate Upgrade

Installing Ziggity drinkers is a great start. You can further improve bird and litter performance by upgrading to Ziggity regulators and end assemblies. It's the best way to benefit from Ziggity technology, and enjoy years of problem-free service, without paying for a completely new system for your poultry operation.

Regulator

Delivers high water volume at the low pressure required for no-spill drinking. Built-in flush valve makes for easy removal of sediment, biofilm and air.

Solenoid Regulator

For automatic and unattended system flushing – requires connection to a controller or timer with a 24 VAC output.

End Assembly

Opens automatically during the flush mode for easy and effective flushing.

Ready to Upgrade?

To find out which Ziggity Aktive drinker is best suited for your existing watering system and bird application, see your Ziggity distributor or visit www.ziggity.com/upgrade.
